06

Share your product with those who organise educational processes and manage resources

TEACHERS

07

Make your solutions available to those who are shaping the next generation by putting technology and tools into practice

PARENTS

08

Create trust and interest among parents who are looking for the best solutions for their children's education

TEENAGERS AND STUDENTS

09

Present your products and developments to the future generation

MIEF.EXPO-2026 IN ONLINE FORMAT

April 1st to March 31st

Online format is an effective B2B and B2C promotion tool that provides additional audience coverage during and after the exhibition. A virtual stand is your virtual showcase's lending with product demonstrations, content broadcasting and different communication scenarios for the audience on the platform. We invite you to realise new business opportunities with an online exhibition **on the MIEF. Connect platform.**

ADVANTAGES OF THE ONLINE PARTICIPATION:

- + showing the corporate identity and philosophy of your brand on a virtual stand
- + increased awareness of your brand, products and services
- + No restrictions related to geographical location and time to visit the platform
- + measurable efficiency and transparent statistics
- + modern marketing tools with the possibility to directly contact with the target audience exclusively

ADDITIONAL OPPORTUNITIES:

- ✓ placement of the Business Programme module with webinars conducting
- ✓ creation of a unique promo-block in the most visited sections of the platform
- ✓ promotion through the platform's recommendation system - a tool that increases your traffic by 70%
- ✓ promotion of your products to the entire target audience of MIEF during the exhibition and two months afterwards

*We provide all offline exhibitors with a virtual stand on the MIEF. Connect platform is provided as a bonus.

THEMATIC ZONES OF THE ONLINE FORMAT

01 DISTRIBUTORS 	02 EDUCATIONAL EQUIPMENT 	03 FURNITURE 	04 ROBOTICS 	05 INTERACTIVE EQUIPMENT 
06 DEVELOPERS/ ARCHITECTURAL FIRMS 	07 PUBLISHERS 	08 EDUCATIONAL GAMES/CREATIVE ACTIVITIES 	09 SOFTWARE AND CLOUD SOLUTIONS 	10 COMPUTER HARDWARE 
11 PUBLIC POLICY 	12 UNIVERSITIES 	13 SECONDARY VOCATIONAL EDUCATION 	14 SCHOOLS 	15 PRESCHOOL EDUCATION 
16 ADDITIONAL EDUCATION 	17 FOUNDATION 	18 VOCATIONAL GUIDANCE 	25% of the exhibition audience is converted into leads for exhibitors	

HOW DOES IT WORK FOR MIEF.EXPO-2026

1st step

The visitor registers and gets into the personal profile where he gets the personalised recommendations of events and products of the exhibitors

2nd step

By using the personal profile, the visitor goes to the virtual spaces of the exhibitors, which will be selected based on the specified user interests or the category he/she has chosen

3rd step

The entire audience is segmented thus allowing to separate information flows and to clearly target exhibitors' offerings

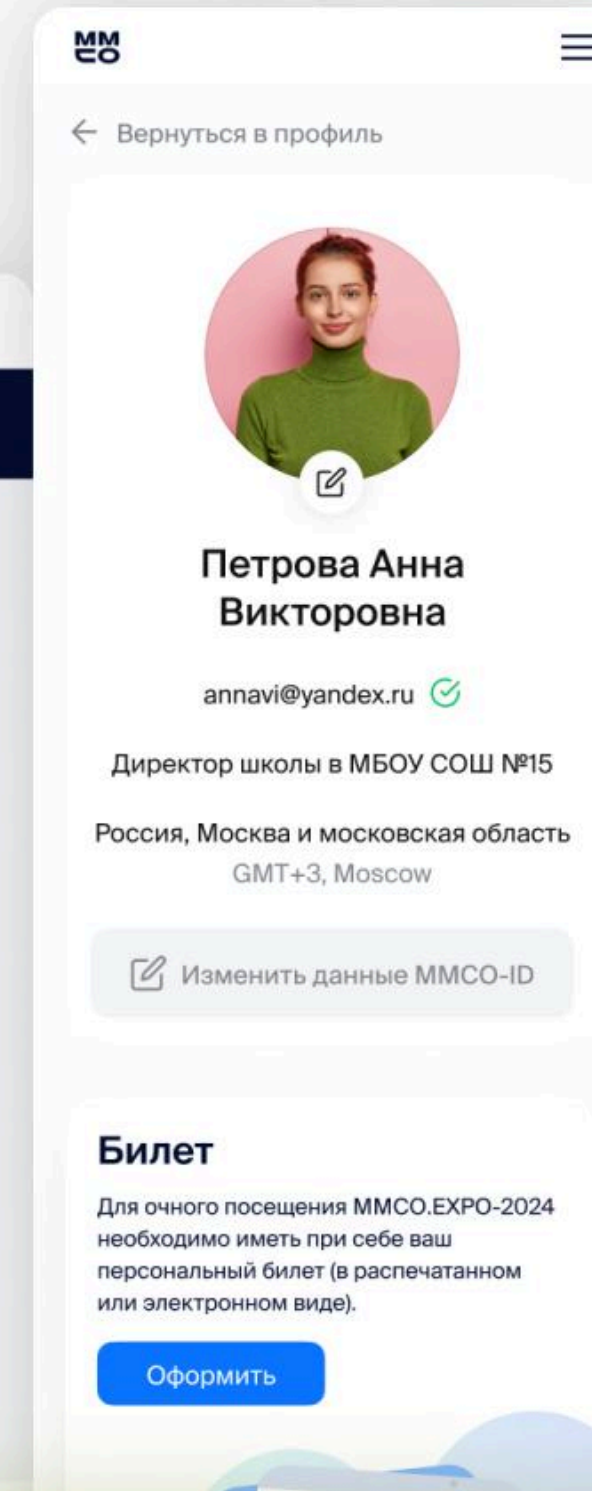

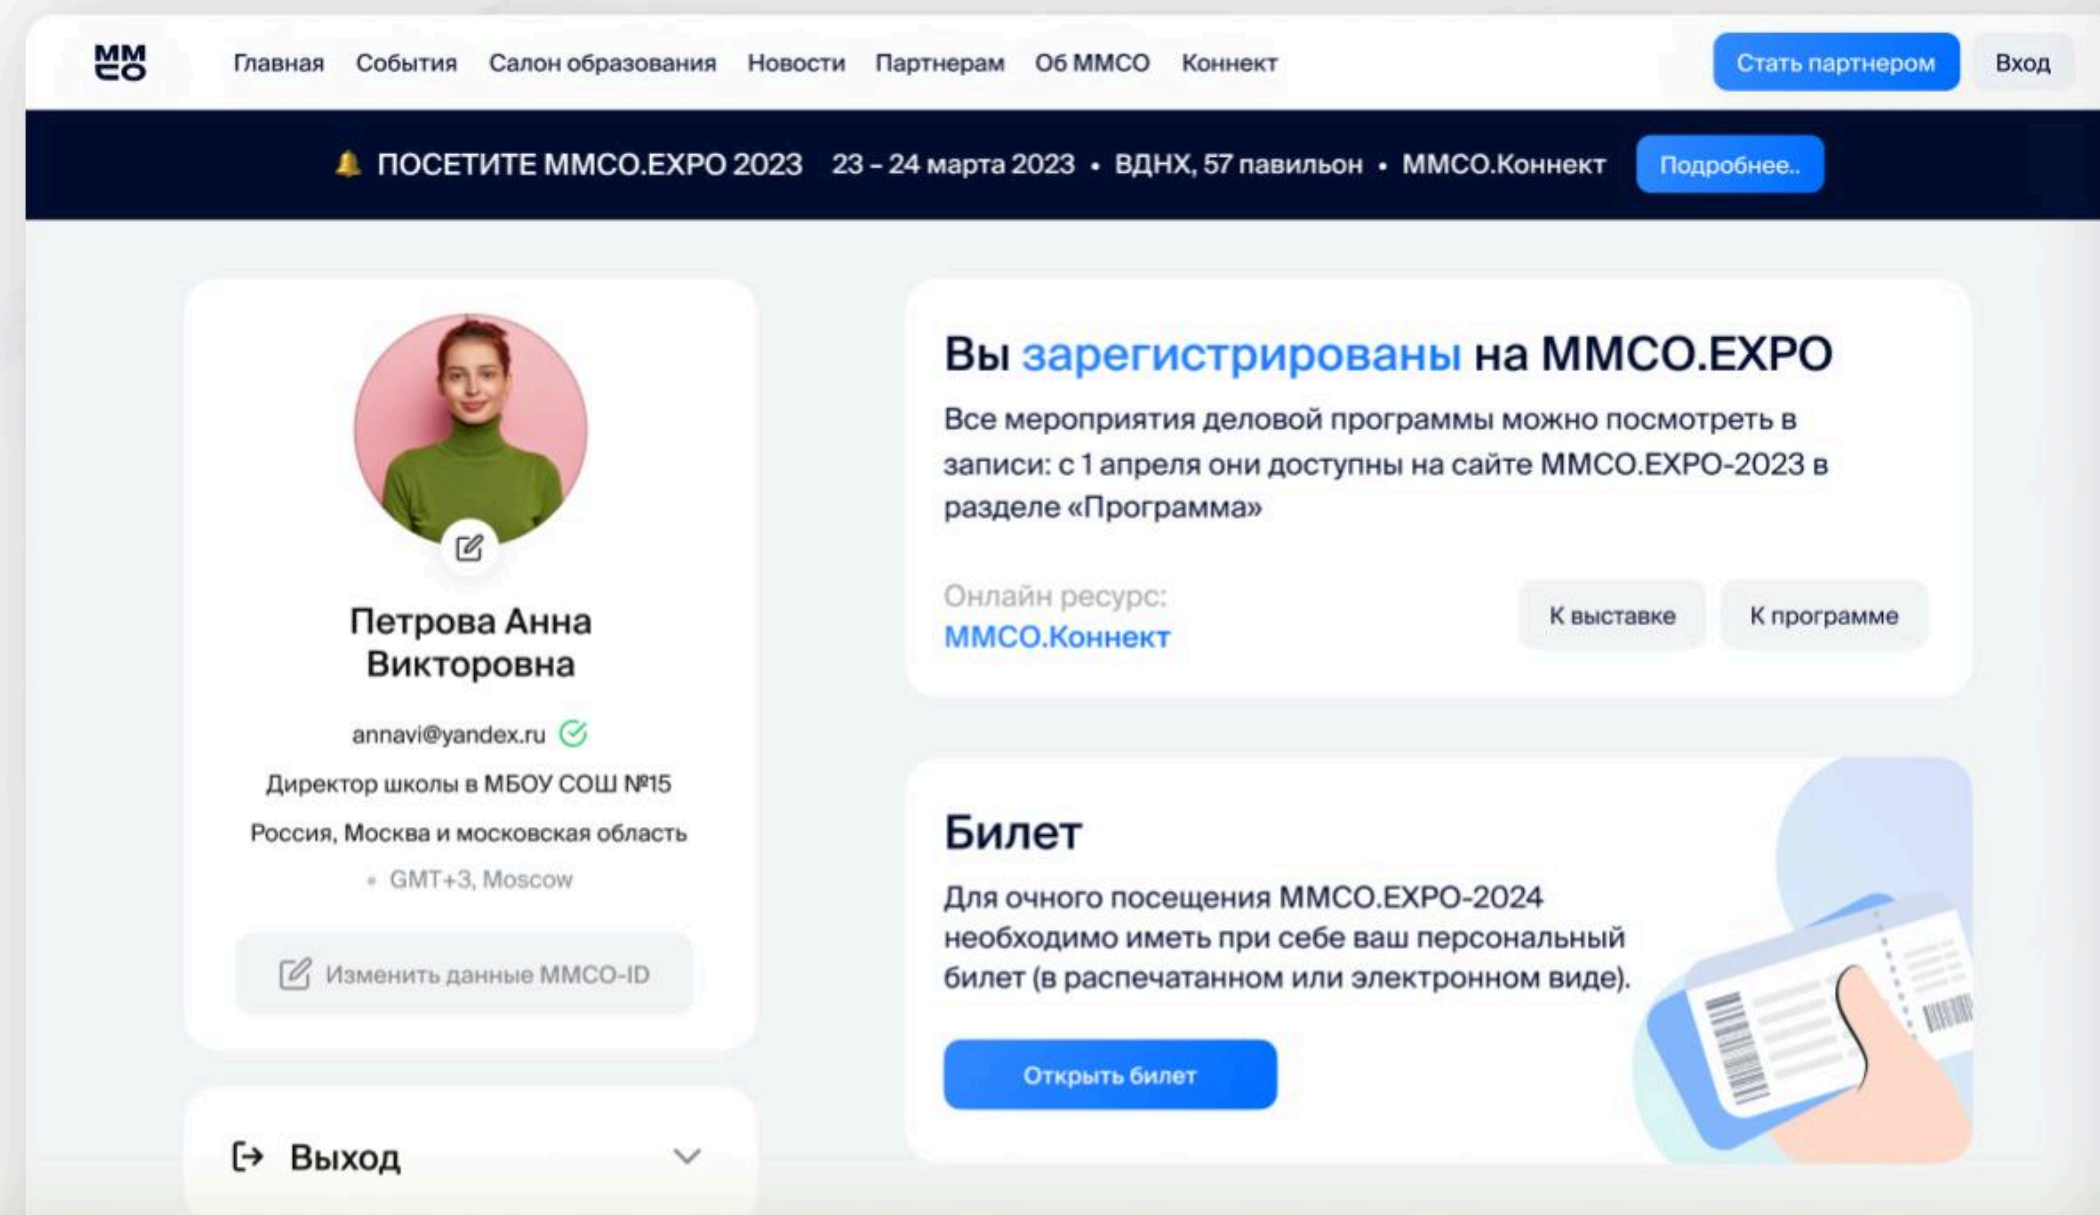

VISITOR'S PERSONAL PROFILE

The Personal Profile is a tool that provides each visitor with personalised recommendations. It helps to highlight the most suitable stands, products and sessions of the Business Programme based on the interests and categories specified by the user. This approach helps to ensure that your company, product or event is seen by those who are interested in your offer.

It gives you the opportunity to:

- Attract more target contacts
- Increase engagement and interaction with visitors
- Accelerate the achievement of commercial goals.

The personal account becomes an important tool for interacting with your audience, helping to effectively present your solutions and strengthen your market position.

01

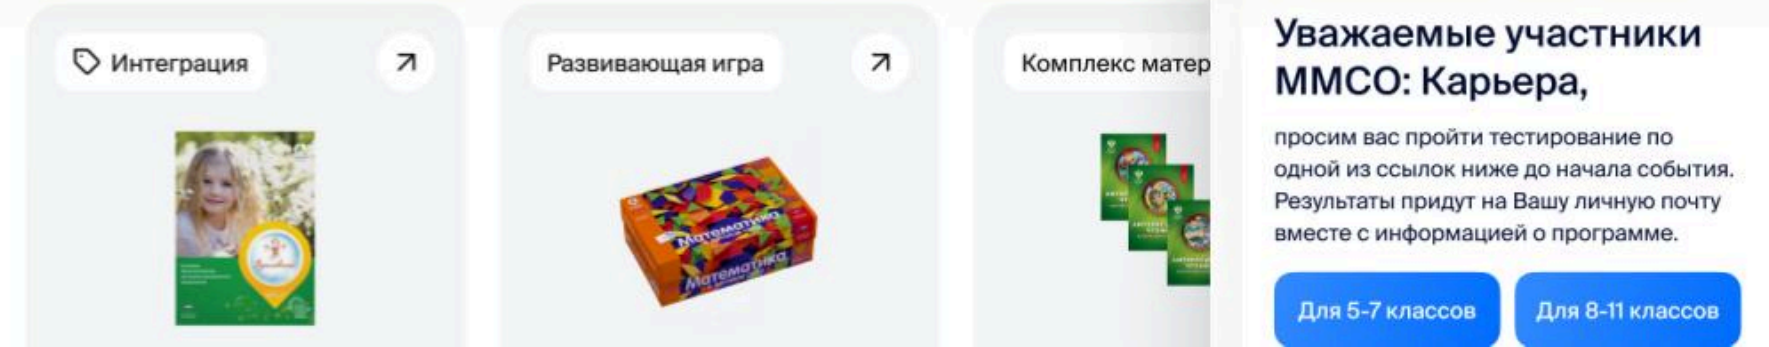

Personalised recommendations - your first touchpoint with your audience

02

Easy access to key information for all visitors

03

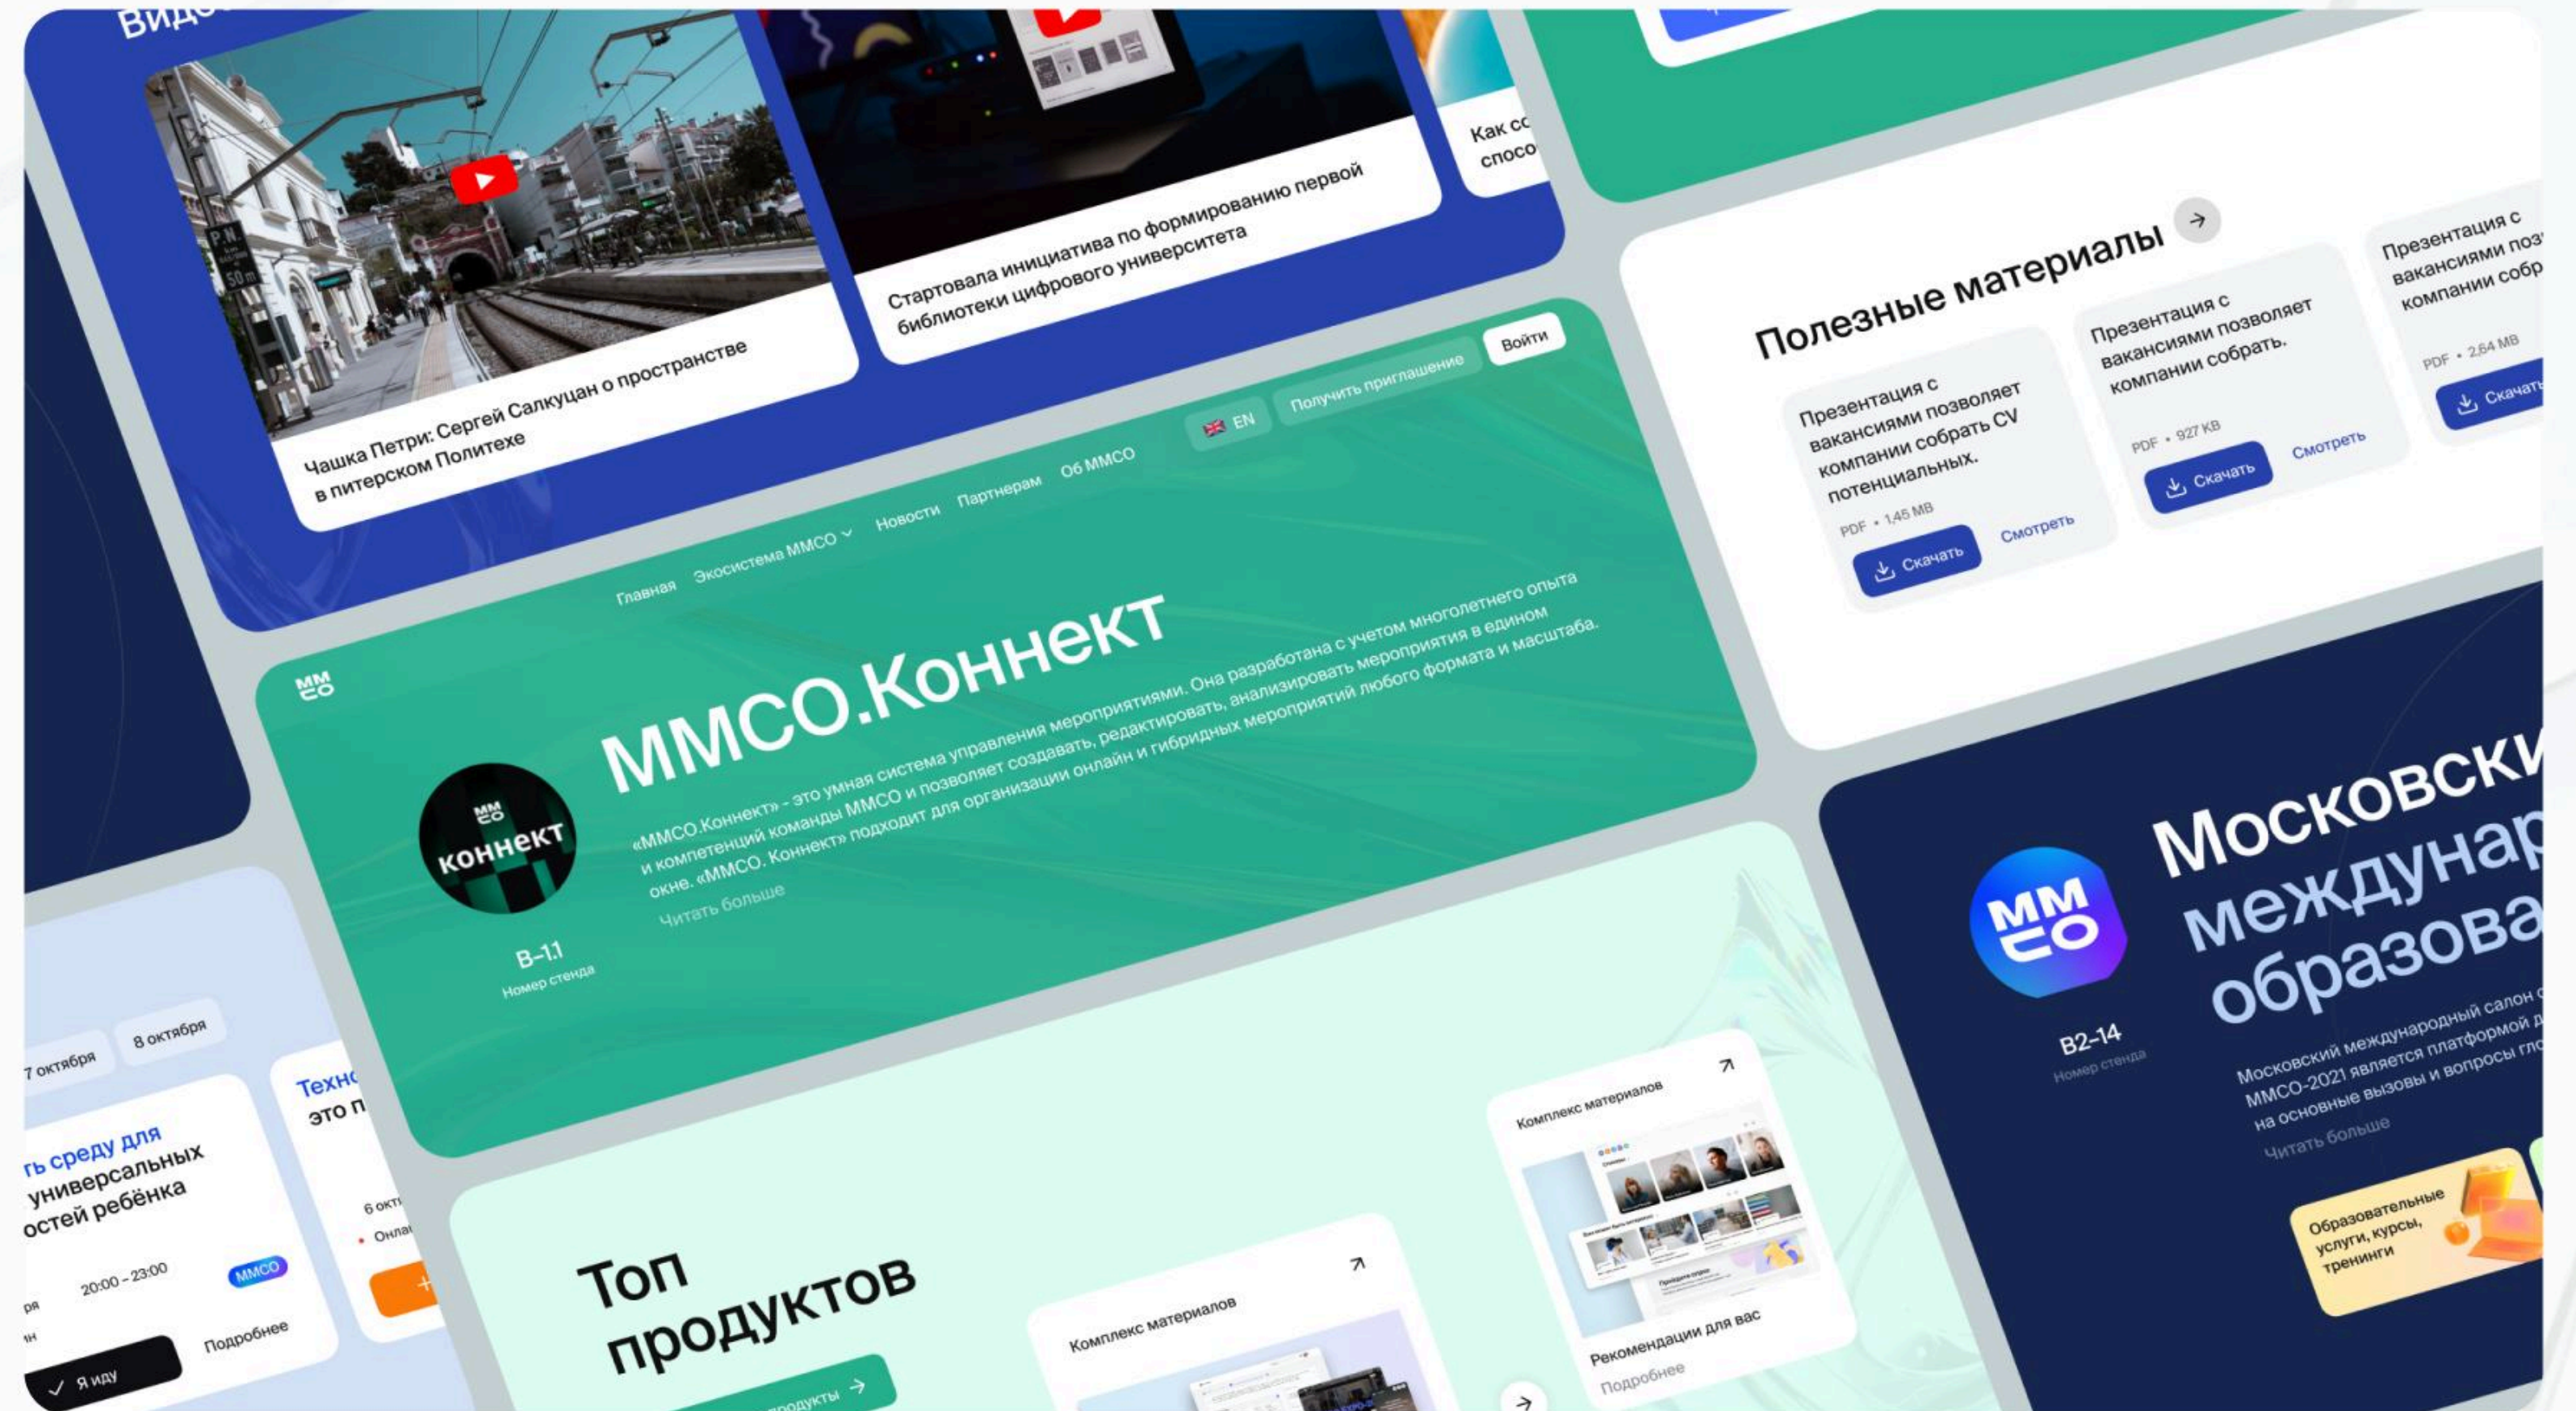

Information in the visitor's personal profile is segmented, allowing you to target your exhibitor's offers to your target audience

PARTNER'S PAGE IN VIRTUAL SPACE

Your landing page on the **MIEF. Connect** platform where you create your own virtual showcase with product demonstrations, content broadcasting and different communication scenarios for the audience.

The virtual booth allows you to hold webinars, post additional materials and giveaways, which significantly increases traffic and visitor loyalty.

PARTNER'S PAGE IN VIRTUAL SPACE MIEF.EXPO-2025

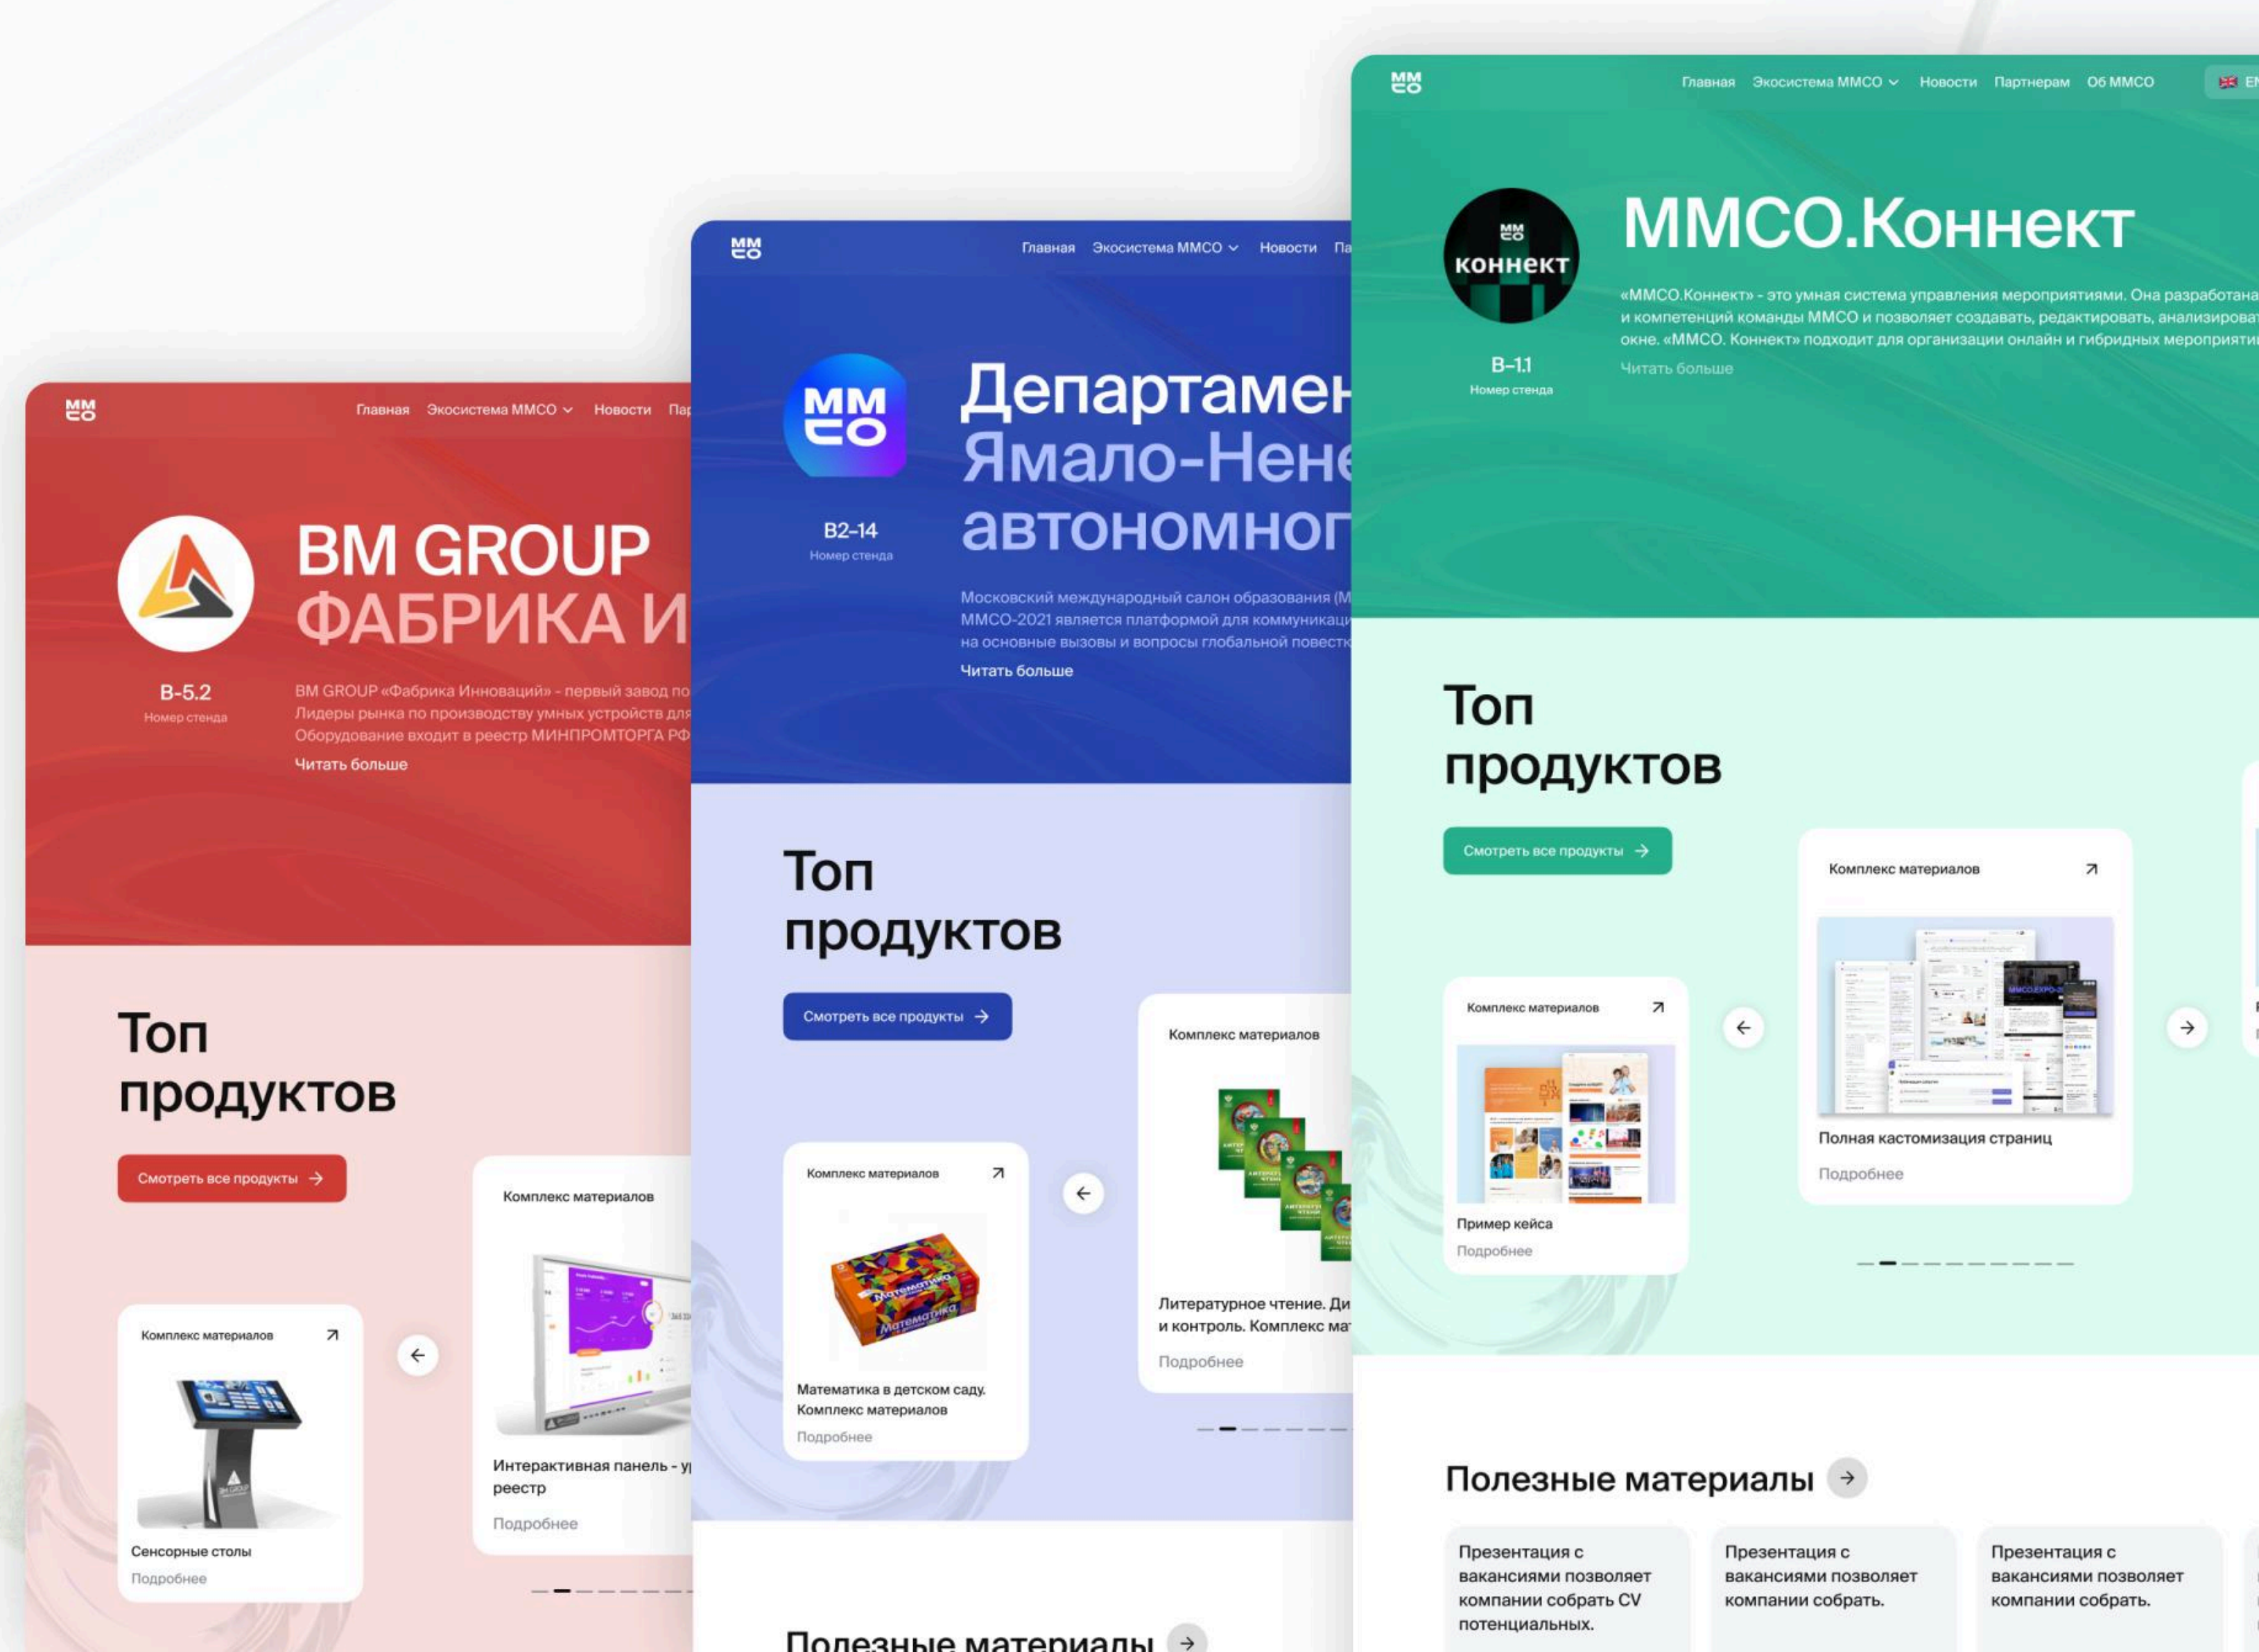

THE VIRTUAL STAND CAN BE USED TO:

Place **company information** including company name, logos and description

Choose the **colour scheme of the online page** from the options offered

Place the **company's products** in a separate block: **products are services or goods of the company that can be viewed by the exhibitor**, then contact a manager or go to your website for more information. For each placed product we form a page in the block, where you can specify a photo/image, product name, brief description, contact details of the manager, link to the website.

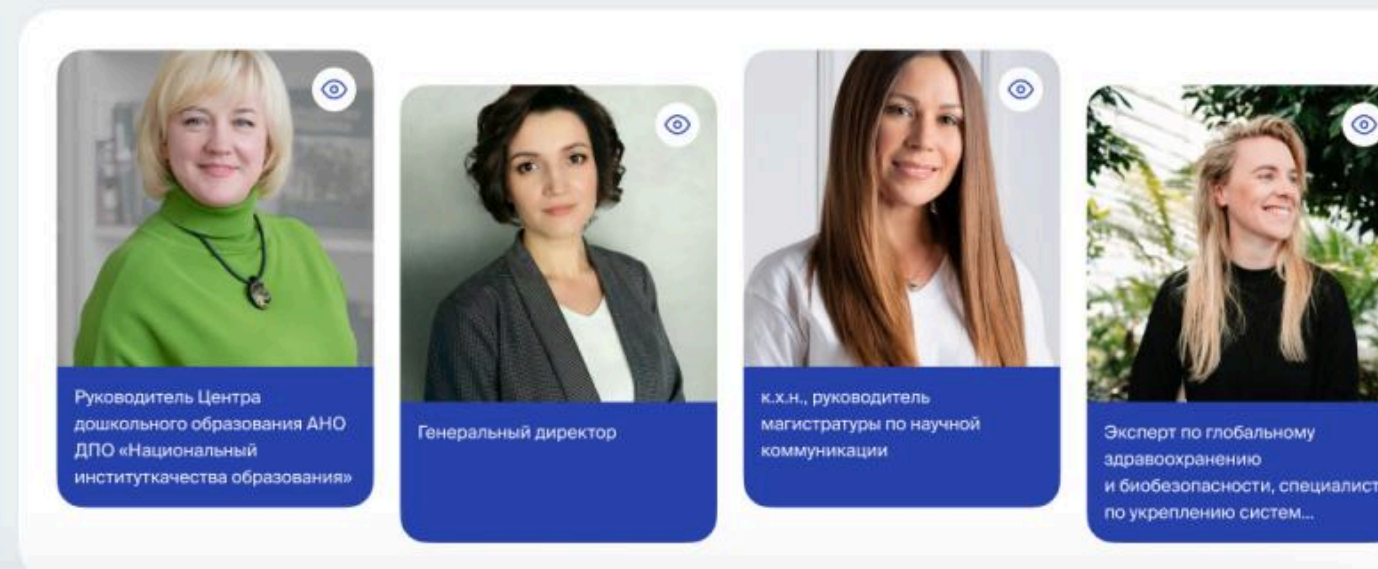

Place **useful materials** in a separate block on the page: upload **files in pdf, exl, doc formats**. Visitors to your stand will be able to browse and download these materials

PARTNER'S PAGE IN VIRTUAL SPACE MIEF.EXPO-2025

YOU CAN USE THE ONLINE PAGE TO:

Place **information about your employees/team**, including contact details

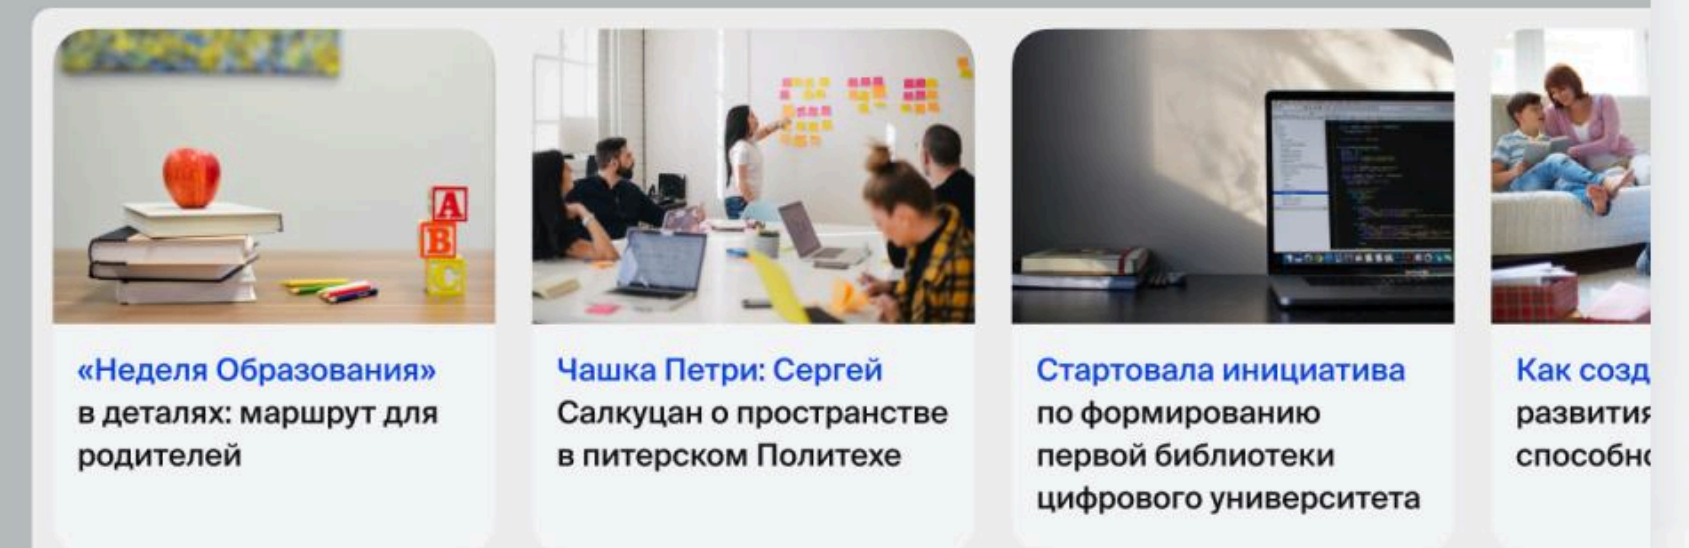

Place **one or a series of videos** on the stand page in a separate block

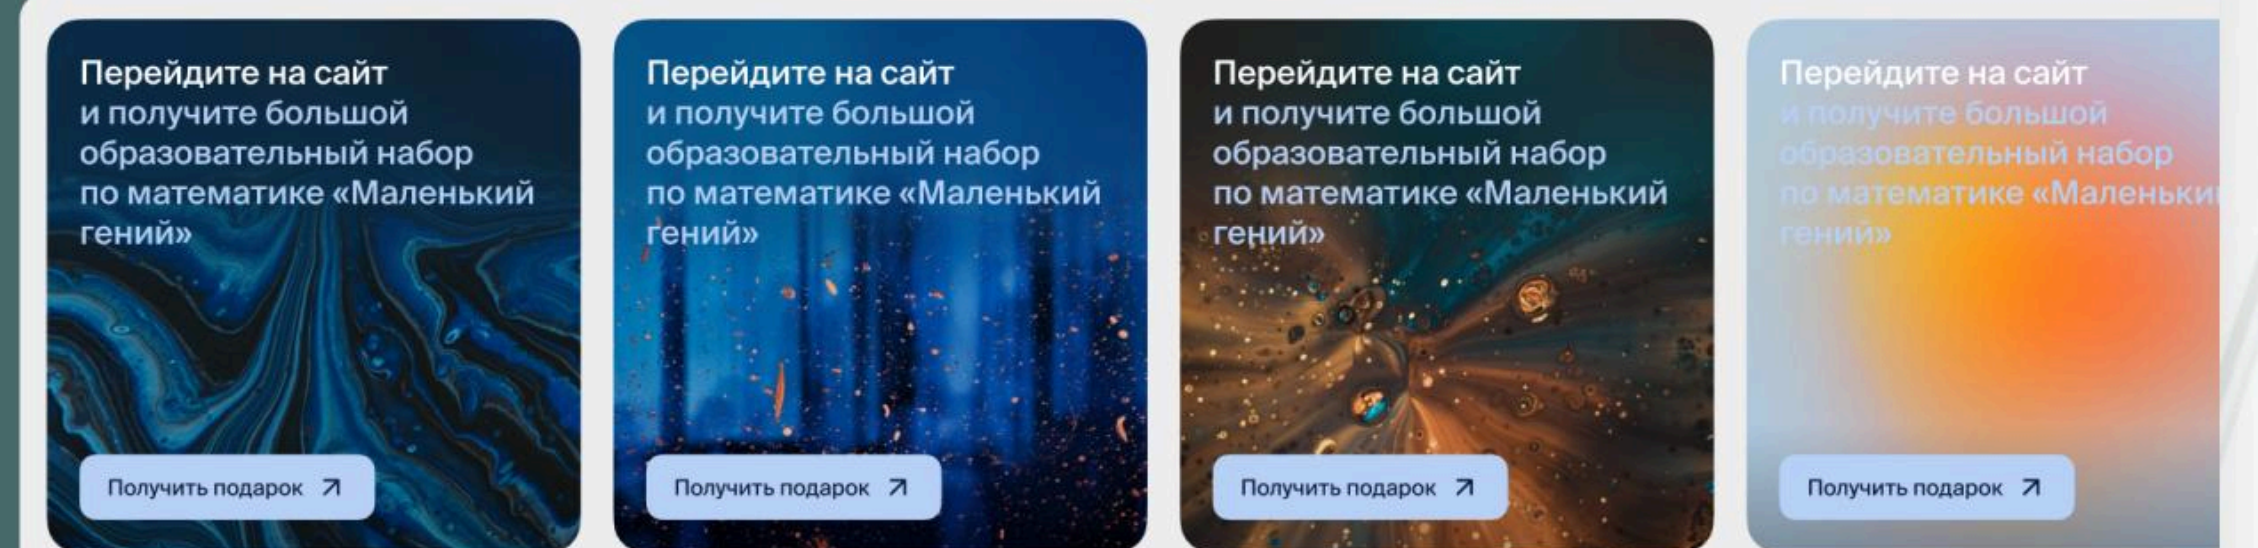

Place **advertising banners**: the block allows you to embed a clickable banner and label it

Publish **company news**, provide links to publications in social networks

Place **gifts** - special offers for visitors of the exhibition, e.g. free guides/certificates, indicate in the block offers and links to receive them, which significantly increases traffic and user loyalty

WEBINARS IN THE VIRTUAL SPACE: MAXIMUM OPPORTUNITIES FOR YOUR COMPANY

Host webinars directly on your stand page

Convenient block for posting your **company's webinar programme and sessions**

All **events** are available to visitors **in one place**, increasing audience engagement

BANNERS — A LEAD GENERATION TOOL

01

Banner is a **universal block** that contains a headline, sub-headline, image and **CTA** button.

02

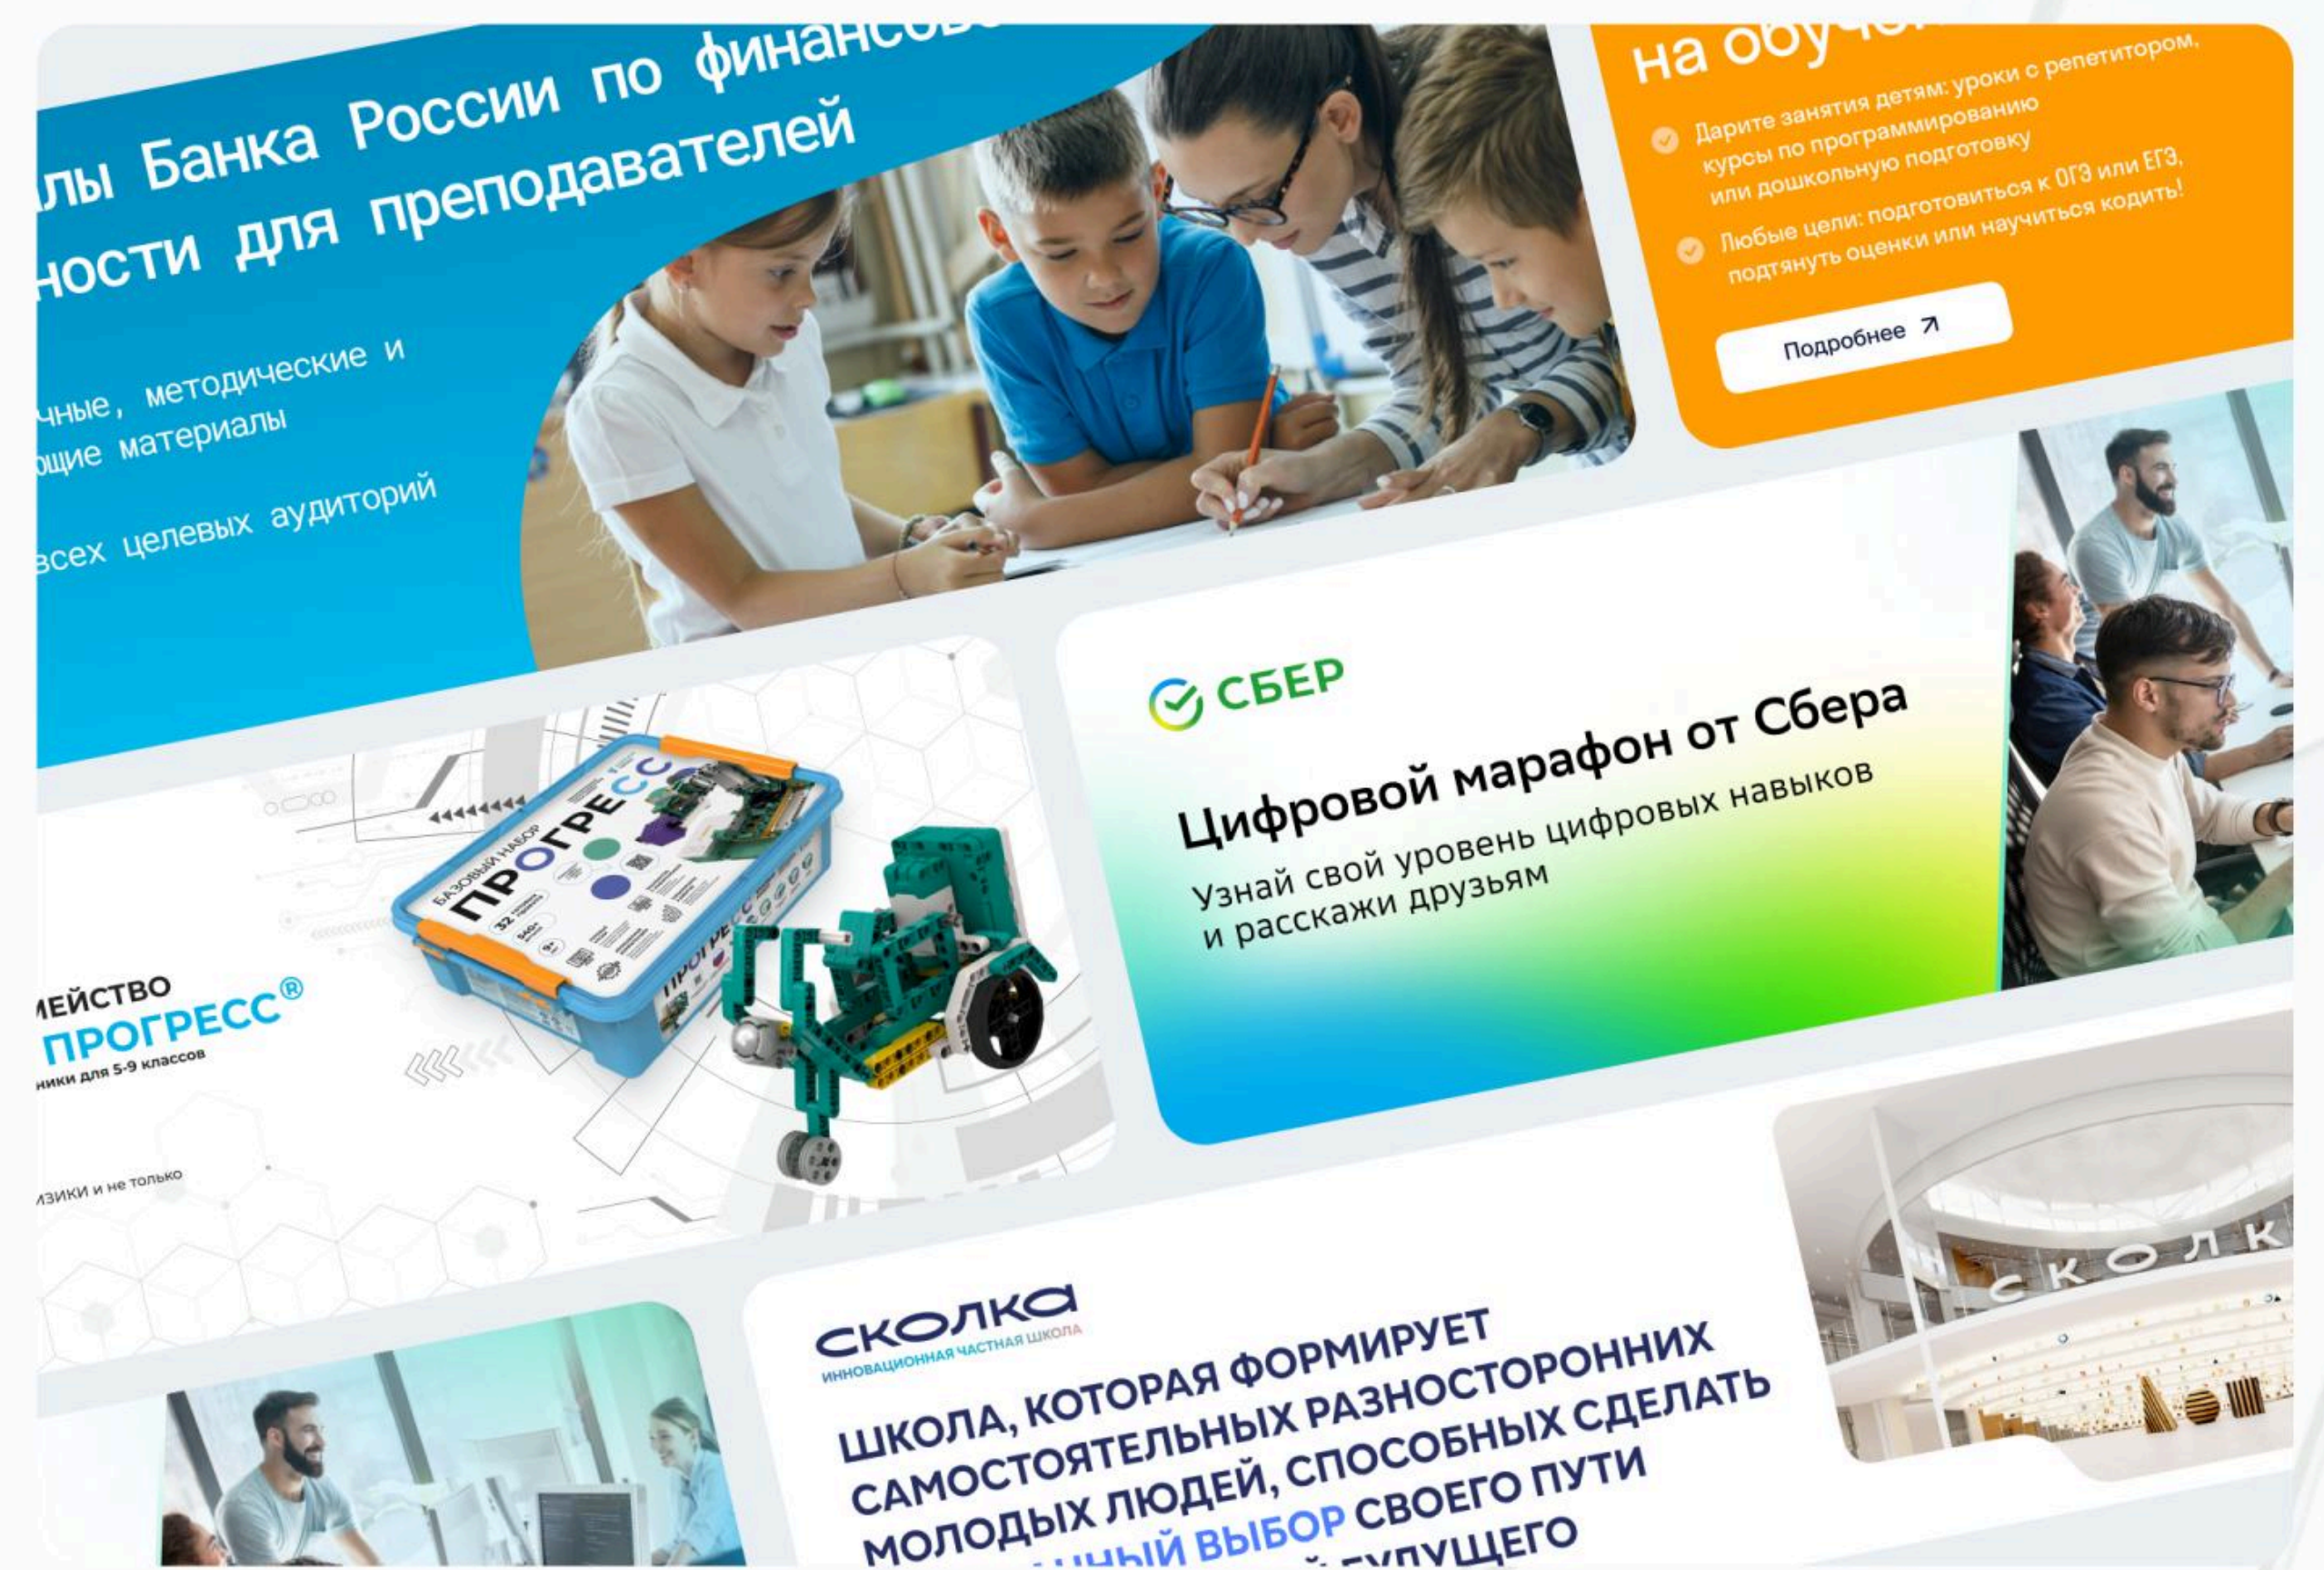

Banner placement is an opportunity to create a **unique promotional block** in the most visited sections of the platform to attract targeted traffic

03

Banners are **integrated into** key user touchpoints such as **registration emails and personal accounts**. The banner leads to an external link where the affiliate can accumulate incoming leads.

04

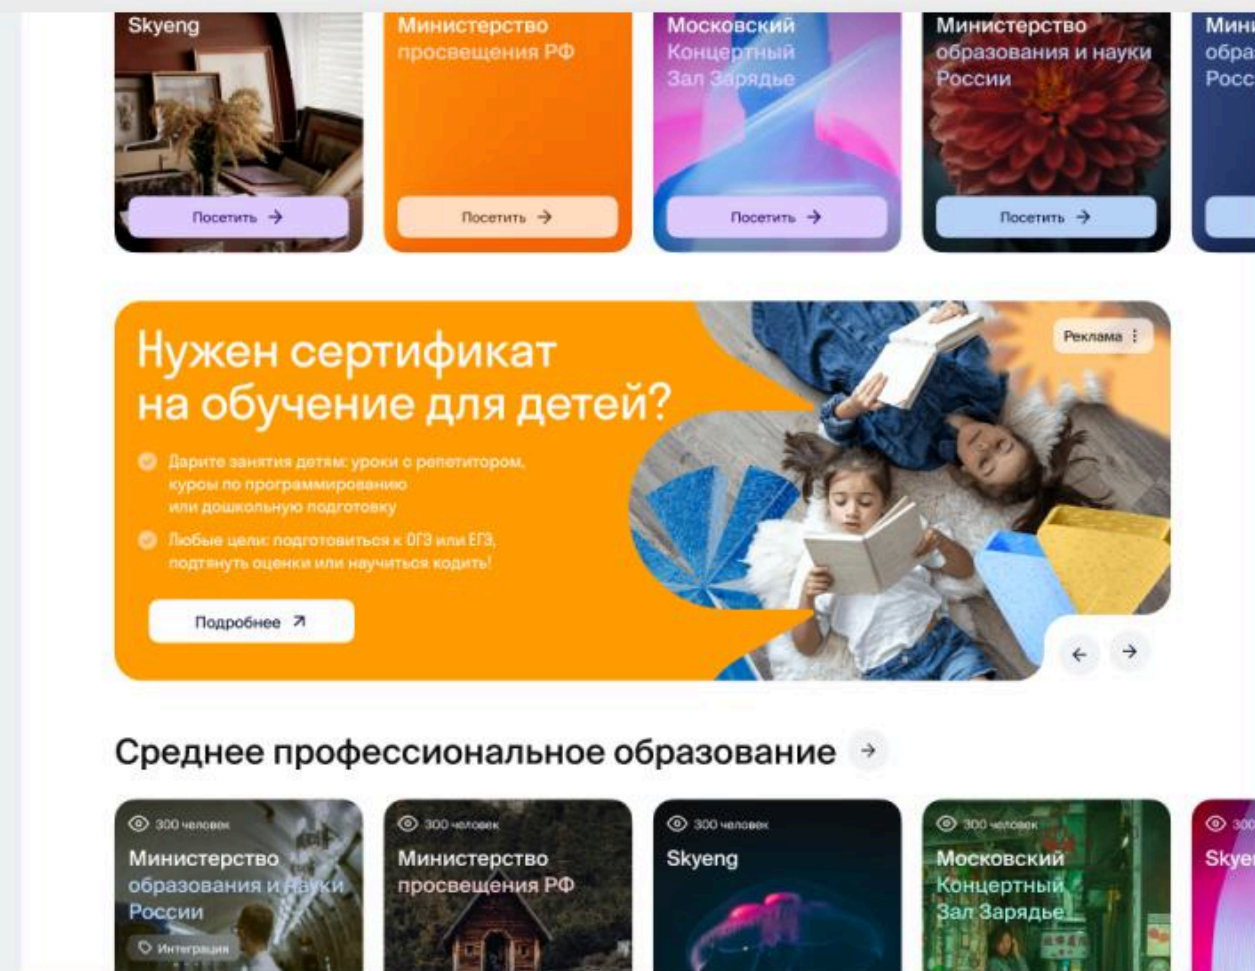

You can measure the effectiveness of banners through **inbuilt analytics tools**.

PARTNER'S PRODUCT PLACEMENT IN THE RECOMMENDATION FEED IN THE VISITOR'S PERSONAL PROFILE

Your product attracts **70% more** traffic through personalised recommendations

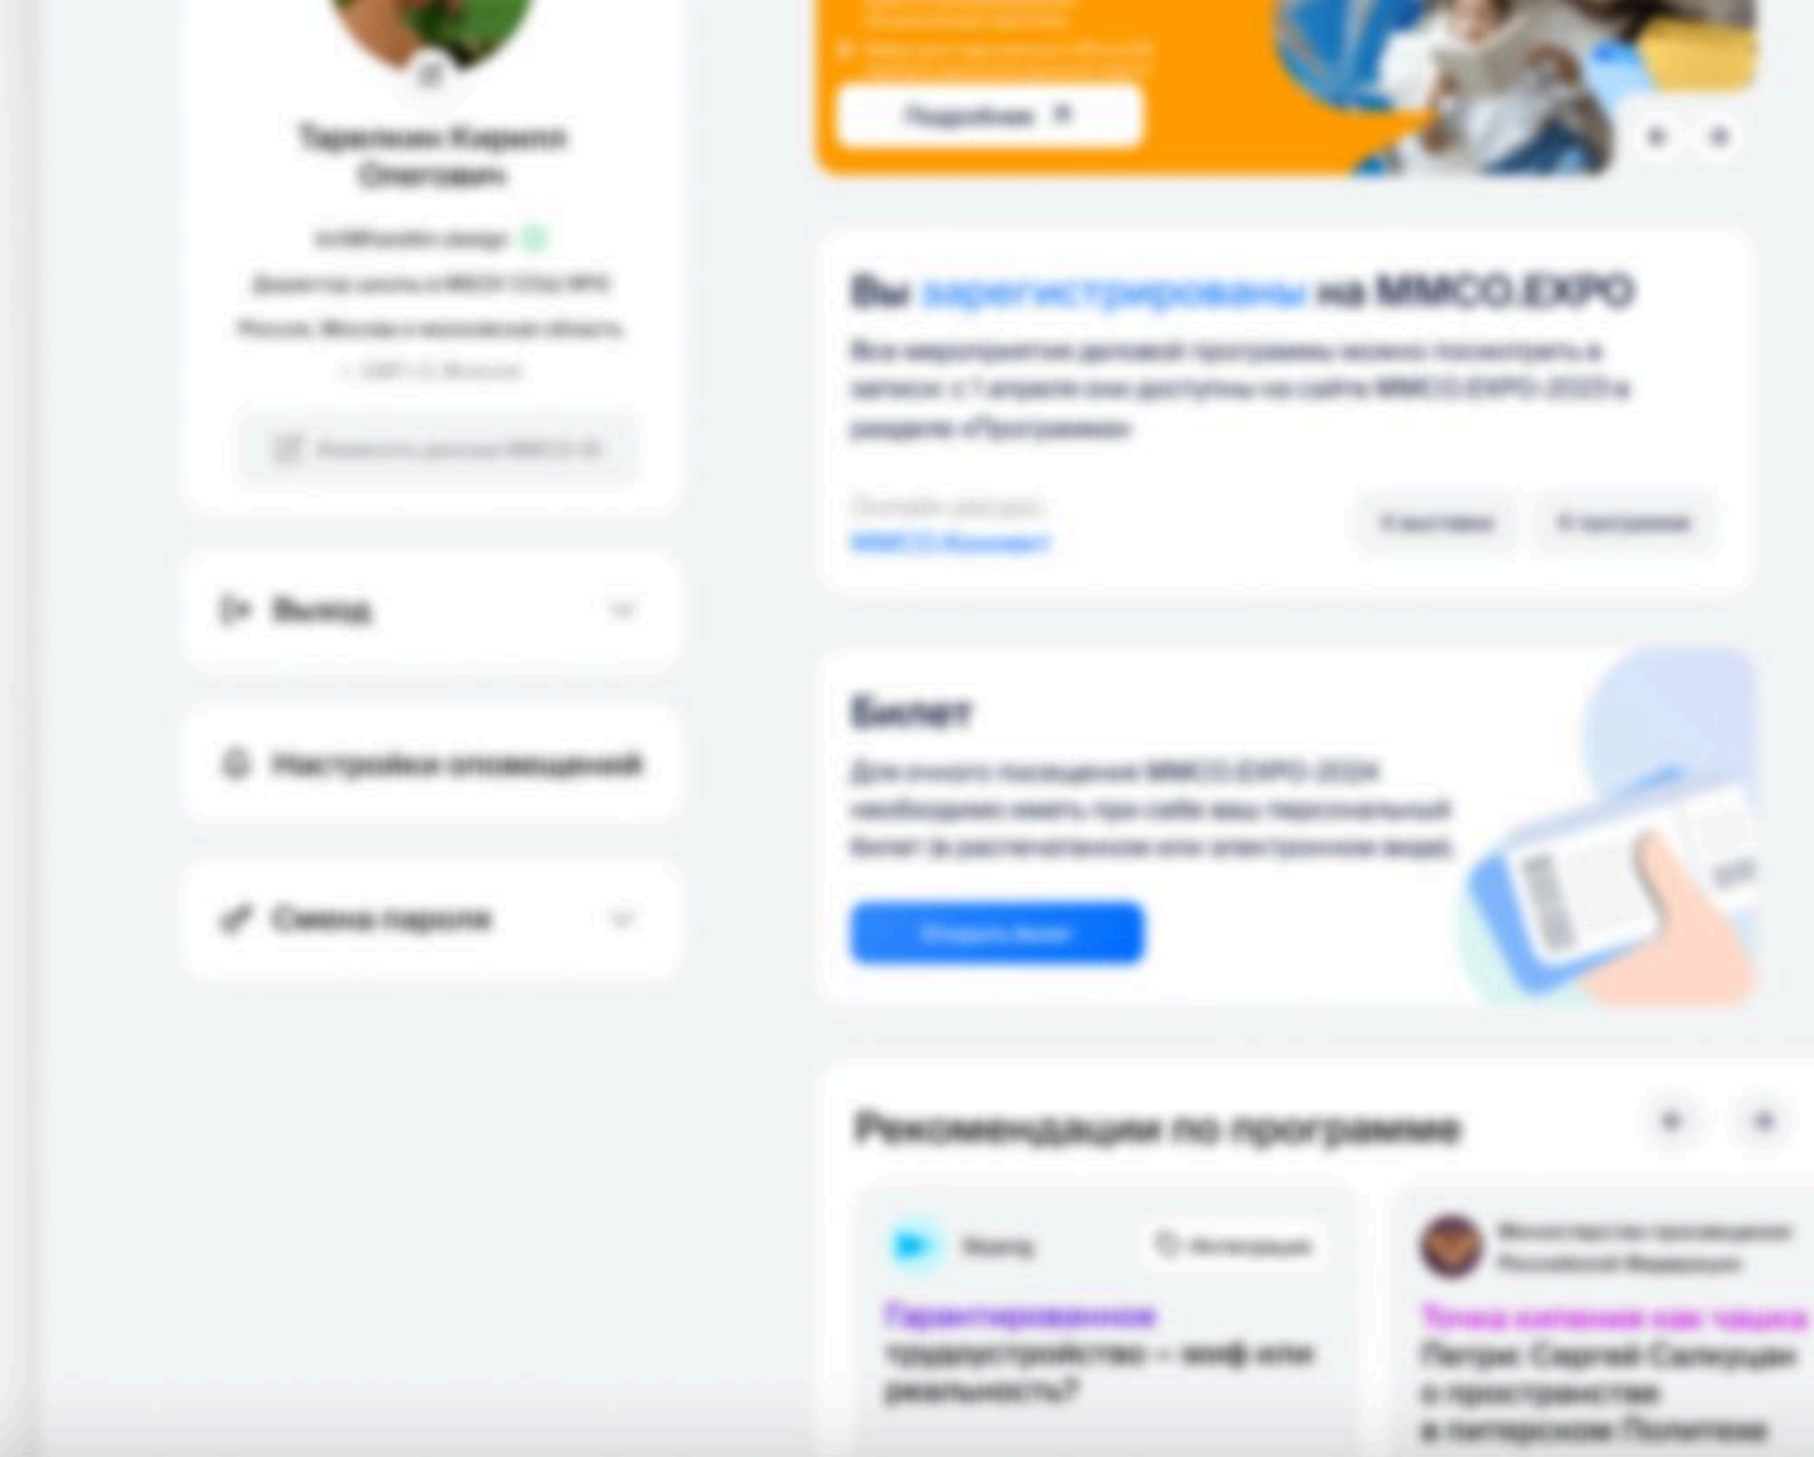

Your product becomes a **priority in the platform's recommendation system** attracting more audience attention

Recommendations will be shown to the **selected target audience**. The partner's product card labelled 'partner material' will be placed **first in the list of recommended products** and will be available only in the visitor's personal cabinet

Each **click** on the card **will direct** users to your **virtual stand** for detailed familiarisation

PLACEMENT OF YOUR PARTNER'S EVENT IN THE RECOMMENDATION FEED IN THE VISITOR'S PERSONAL PROFILE

Increase traffic by **80%** by prioritising your event in the **recommendations feed**

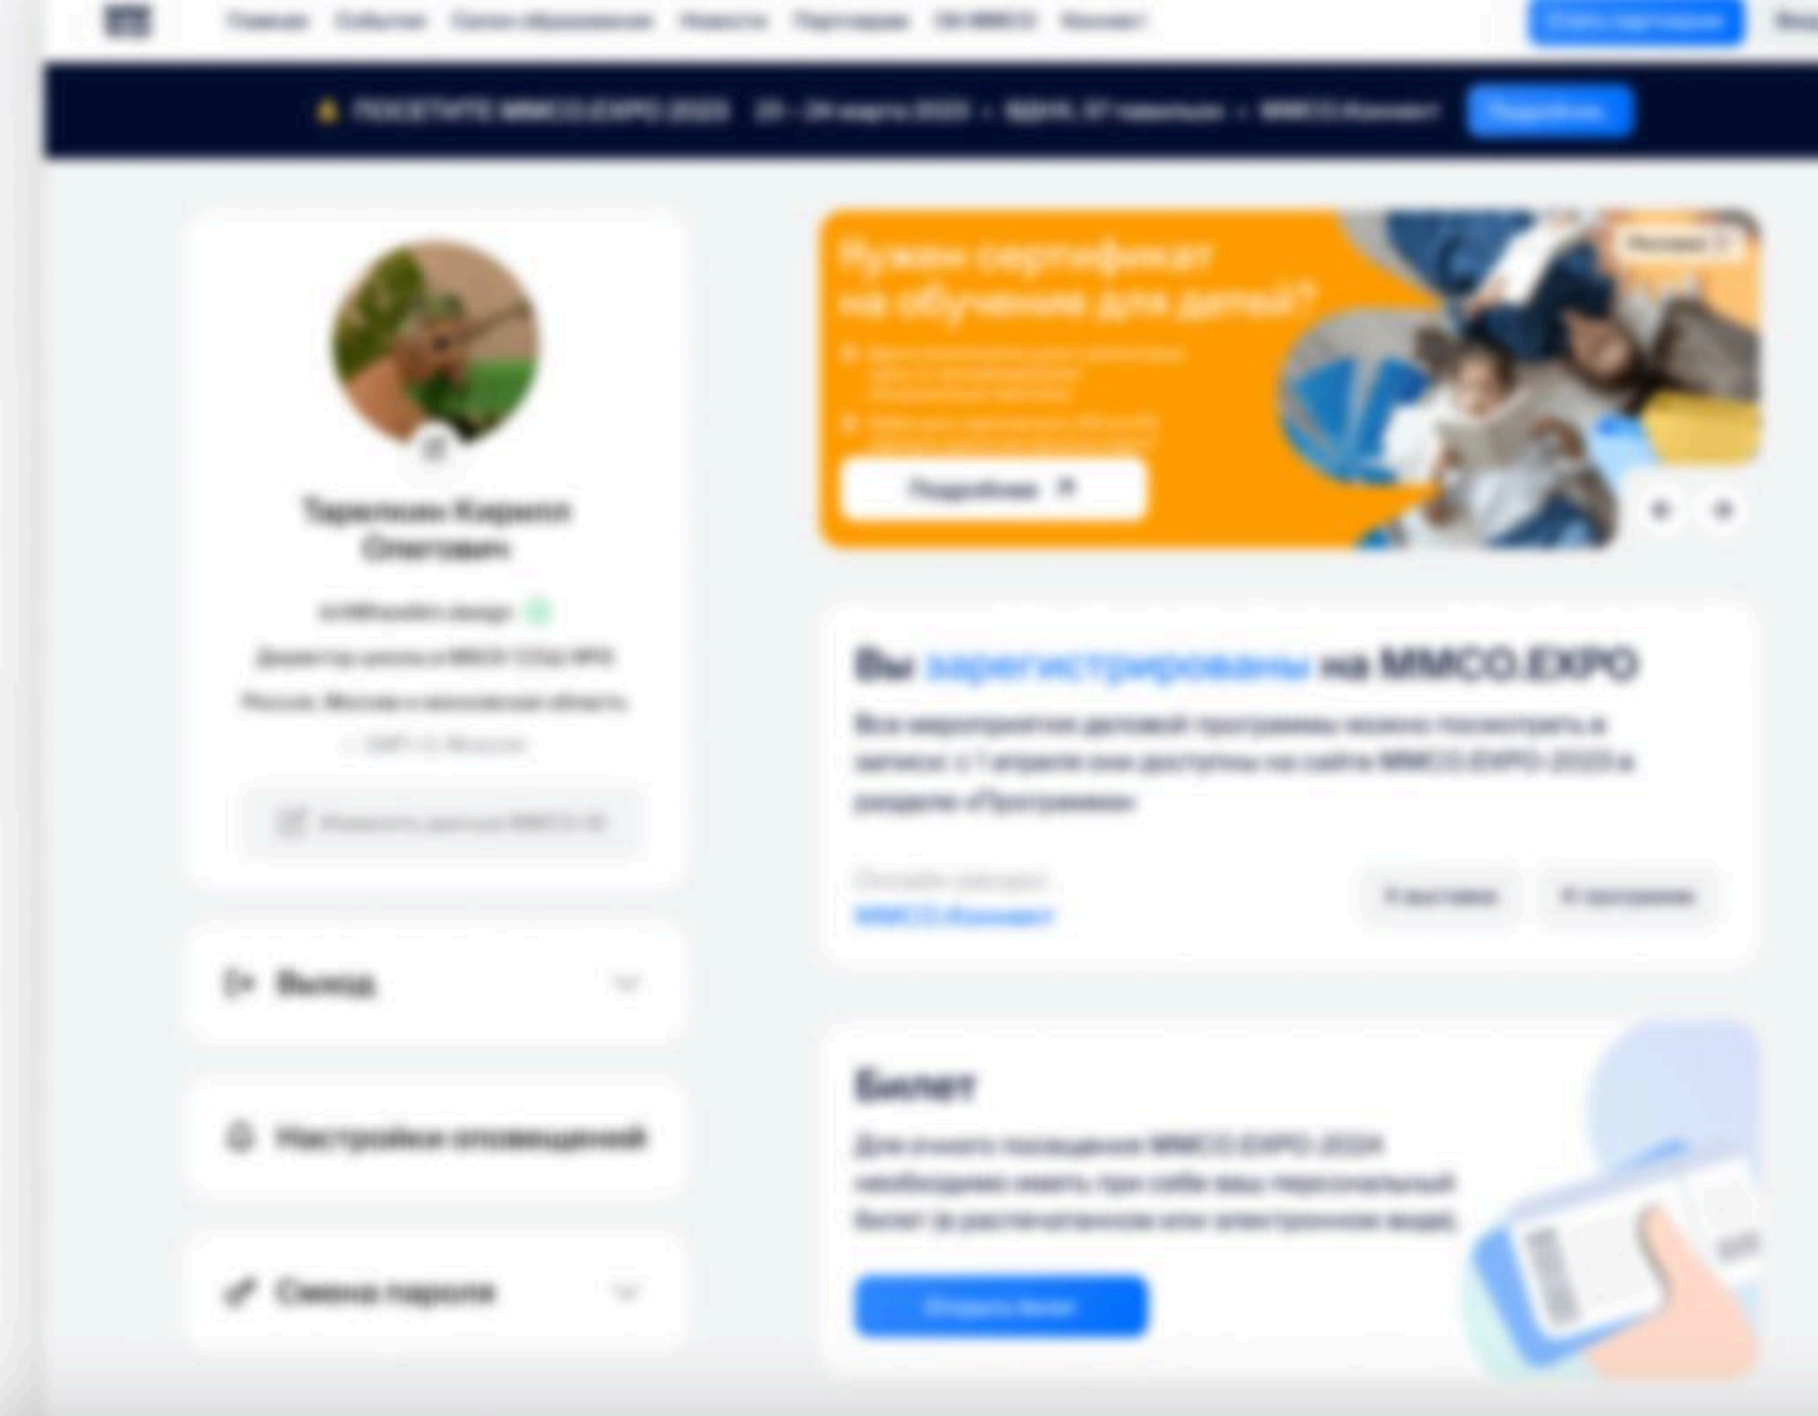

The recommendation system helps your event to stand out among others and **attract maximum attention of the audience**

The recommendation **will be shown** to your chosen **audience segment**. The event card labelled 'partner material' will be placed first in the list of recommended events and will be available only in the visitor's personal profile

Each **click** on the card will instantly redirect users to your **virtual space** for detailed familiarisation

MIEF.EXPO-2026 BUSINESS PROGRAMME

Speaker integration into the Business Programme (business halls)

The central element of MIEF.EXPO-2026 is the Education for the Future Economy Forum, the key topic of which will be the process of synchronising the demands of the labour market, education and family. We invite practising industry experts from leading Russian corporations, educational enterprises, institutions, scientific and specialised associations and mass media, as well as from international structures as speakers.
